

My Hero Inside

(1:38)

My hero inside
With me every day,
Tells the Unthinkables
"Get out of my way!"
Knows I'm not perfect
Knows that I've tried
To be the best me
It's my hero inside.

Flex my brain
To use social smarts,
Open my eyes
Every day's a new start.
I can't hide
I feel Superflex pride
My hero inside
My hero inside.

Flex my brain
To use social smarts,
Open my eyes
Every day's a new start.
I can't hide
I feel Superflex pride
My hero inside
My hero inside.

Flex my brain (Superflex to the rescue)
To use social smarts,
Open my eyes (Superflex to the rescue)
Every day's a new start.
I can't hide (Superflex to the rescue)
I feel Superflex pride
My hero inside
My hero inside
My hero inside
My hero inside.

My hero inside
Helps me make the right choice.
When I'm in doubt
I hear my Superflex voice.
My hero inside is tried and true
I can do anything I set out to do!
